

My name is Marcus Clifford, I am running to represent you as a Director in the Probation Detention Association (PDA). I have 17 years in the probation department, which I started at Camp Glenwood. I was then moved to the juvenile Hall. I have a good understanding of the Group Supervisor role and needs. I understand the importance of seniority, shifts and fairness. I currently work in the adult division with the gang unit.

I have served on the board for the last two years. I attend PDA monthly meetings and meet with upper management monthly. I have also been representing the PDA at the Retirement Benefit Committee and participated in the last negotiations.

My experience has made me a well-rounded candidate to represent you. I am eager to learn more and enjoy taking on the challenges and representing us. I hope to get your vote to continue as a Director of the PDA.

A vote for me is a vote for you. Thanks for your consideration.
