

Hello,

I'm running for one of the two Director positions on the union board. My goal is to advocate for members and to foster a positive, safe and fair work environment for all. I've been with the department for 19 years and have worked in every division, in various assignments including Juvenile Risk Prevention Program, Adult Gang Unit, Narcotics Task Force and PRCS. I am currently a senior deputy probation officer in the Intensive Supervision Unit in East Palo Alto.

I have attended several union meetings and gained insight on the day-to-day functions of the board, and would like to represent YOU, the members. I truly believe that line staff are the pulse of this department. WE are responsible for a multitude of tasks...most importantly to protect and serve the community. The union is here to represent the line's interests so we can continue to do our work effectively. I'm up for that challenge and I know I can make a difference. Vote for me!

I WILL be your voice.

Best,
Carrie Cross
